FLIGHT IN STOLEN CAR ENDED WITH SHOTGUN

Thieves Race From Paterson in New Auto Halted After Chase Near Tuxedo.

While 50,000 persons were bidding the Fifth Regiment of Paterson, N. J., farewell from the Erie Station yesterday, two men walked to the Erie Taxicab Company's stand in the station and hired Philip Stone's new

\$2,000 automobile for a quick drive to Passaic. When the car reached Cedar Lawn Cemetery, about a mile from the center of Paterson, the men pointed revolvers at Stone's head, told him the motor car would be at the Passaic Station at midnight, and sent him down the road alone. Stone ran to the nearest telephone and notified the Paterson police. As Detective Captain Tracey was describing the automobile to Police Chief Bush of Tuxedo, N. Y., the Chief shouted, "There it goes now!" and hung up the receiver. The Chief then leaped into his fast roadster, armed with a shotgun, it was afterward learned, and overtook the fleeing car after a three-mile chase. The prisoners, who are being held as fugitives from justice pending extradition, gave their names as the Tuxedo Police Station as William Fenimore, twenty-two, of New York, N. Y., and Frank Simmons, an engineer of New York.

Princeton Commons Torn Down.
Princeton's historic old Commons, for more than forty years a landmark on the edge of the college campus, and for the past eleven years the center of thousands of students, is no more. Workers started to demolish the place today and within three days the workers will be busy on the site preparing the foundation for the new Gothic dining hall.

VERY SEVERE CASE OF DANDRUFF

Scaled Off in Large Flakes. Constant Itching. Hair Dry, Hard and Lifeless.

HEALED BY CUTICURA SOAP AND OINTMENT

"My ten-year-old daughter had a very severe case of dandruff. The dandruff was of a thick, scaly nature and would not be removed by any of the usual remedies. There was a constant itching and at times she scratched so much as to irritate her scalp. Her hair did not grow and it came out freely when brushed or combed, and it was dry, hard, and lifeless. "The trouble lasted about eighteen months. Then I wrote for a free sample of Cuticura Soap and Ointment. The sample was not used before the itching lessened and I then bought the Cuticura Soap and Ointment. I used about one and one-half boxes of Cuticura Soap and two boxes of Cuticura Ointment when she was healed." (Signed) L. W. Schmitt, 358 Fillmore Ave., Buffalo, N. Y., Oct. 20, 1915.

Sample Each Free by Mail

Beauty and Health Lessons for the Summer

A New Series of Illustrated Articles Written by Miss Pauline Furlong for Women Readers of The Evening World.

Wood Chopping for Fat on Shoulders.
Those of my stout readers who are troubled with disfiguring rolls of

fat on the shoulder blades, upper arms and bust, should run in ten minutes a day at the wood pile while in the country this summer. I know of no other exercise quite so effective for this unsightly defect. I am sure that one of the smallest logs of wood will weigh at least five or ten pounds or more, and the one I practised with seemed to weigh a ton. Do not bewail the fact that you have to go to the country with the family and take on many of the pounds of superfluous flesh, which you worked so hard to remove during the past winter. More strenuous exercises than ever I have illustrated and described await you on the farm, if you but look around and find them. Then too, the added advantage of exercises in the open, and especially in the fresh country air, compels deep and regular breathing, about which I shall give another lesson in the near future. Just by way of suggestion, and to relieve the monotony of the life in the country and the free hand exercises, which you have been practicing during the past few months, I shall give you an entirely new exercise each day and also tell you of the wonderful possibilities for making a "home gymnasium" in the country. We have always heard that life on the farm was strenuous work and I never realized the truth of this statement until I passed a few days on one to get the pictures for the summer series. In chopping a log of wood be sure and bring the log up with each upward pull of the ax and you can fairly feel the fat being dislodged from the shoulders and arms. Do this for ten

Careless Use of Soap Spoils the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulified coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get mulified coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.—Adv.
